Term 2 2026

Welcome Back!

Welcome back to Term 2! I hope you all had a safe and restful break. It has been wonderful to welcome the Year 2 students back into the classroom, ready and eager to learn. We are looking forward to a positive and productive term ahead.

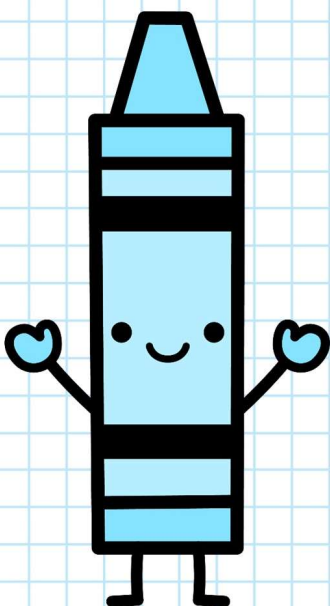

2C Weekly Schedule

Monday	PBL, HW sent home.
Tuesday	
Wednesday	Digi Tech, PE, Health
Thursday	Religion
Friday	Library, Music, Japanese, HW returned

Homework

Homework has commenced for Term 2. In addition to their reading books and online activities on Studyladder, for homework this term they will also have a fact writing activity added each week to complete. This writing activity will provide your child with additional practise with how to write facts for an Information Report which is part of their Term 2 Written English Assessment.

Term 2 Learning

English- This term, students will explore celestial objects in the night sky and create their own informative poster using both written and visual features. They will read and view a range of texts to build their understanding of the topic.

Mathematics- In term 2, students will work with numbers up to 999, learning to partition, regroup and rename them to support addition and subtraction problems, including real-life money situations. They will also read analogue clocks to the hour, half hour and quarter hour, and use calendars to explore the number of days between events.

Science- Students will explore and learn about celestial objects in the sky, including the Sun, Moon and stars. They will also identify and describe simple patterns they can observe, such as day and night and changes in the night sky.

HASS- Students will develop a poster about how road transport has changed the lives of people over time.
