3B 2026 Term 2

Miss Tom

What We Are Learning

English:

Students will create an informative text about a country of their choice.

Phonics and reading will remain a focus this term.

Math : Students will learn different ways to break up and rearrange two and three digit numbers. They will practise addition and subtraction strategies. Students will learn how to make estimates and will practise estimating and comparing how long activities take using standard units of time.

HASS: Continuing to work on how and why ANZAC day commemorations are significant for different groups.

Science: Living and non-living things - life cycles.

Reminders

Homework is handed out on a Monday and is returned the following Monday. Studdyladder tasks is also an option.

Key Days

Monday: Health & Library borrowing

Wednesday: PE & Music

Thursday: Digital Technologies

Friday: LOTE & Music
