home

# What's happening in Term 2?

## Welcome to Term 2!

Term 2 is here already. We are so proud to say, that we have all come back to school ready and eager to learn. We have seen such a huge growth in their learning capabilities so far. This is such an exciting time! You may notice that your child is beginning to blend familiar sounds together to read short words!

We are doing some exciting learning and getting ready for report cards. Report cards will be coming via email. Please make sure we have your most up to date details.

## Afternoon pick up

We will continue with pick up from the Tuckshop.

## Term 2 - PBL

Our fortnightly focus is: We are respectful when we allow others to learn. All students have a 'Hoot' card to track positive behaviours in the classroom and playground. Students earn hoots and can choose their class reward.

## Fruit Break

Students will have a fruit or vegetable break every day in the morning at around 10am. Please pack **ONE piece of fruit or vegetable** in a labelled box or bag and separate from their lunch box so that it can be brought in and place it in our tray each morning.

## Hats & Water Bottles

Please ensure these items are named, so that missing items can be returned when found. Hats will be stored in their classroom trays and drink bottles will be on a trolley with access in class and at playtimes.

## Tuckshop

The Tuckshop is open on Tuesday, Wednesday, Thursday and Friday. **Please order food through Munch Monitor.** It would be beneficial to remind your child they have tuckshop to avoid confusion. We encourage no money to be brought to school to prevent loss of money. Snack foods e.g. ice blocks should be purchased at second break for your child.

If you have any questions or concerns, please feel free to make contact via email or make an appointment. We are more than happy to assist.

Kind Regards, Prep Teachers

(Sam Hood – srhoo0@eq.edu.au)

## Term 2 Learning!

**English** – We are learning to write an informative sentence on a pet.

**Maths** – We are learning to represent practical situations that involve quantifying, adding collections to at least 10.

**HASS** – We are learning about connections to family, special events and celebrations.

**Science** – We are learning about materials and their properties.

## Playground and Punctuation

There is to be **NO** playing on the playground before or after school. This is a safety issue not only for your child and the school but also for others who might copy when they are unaccompanied by an adult.

We ask that all students please arrive in the classroom each morning on time, before the second bell. If your child is absent, **please record this on Qparents or contact** the office explaining the reason for absence. If you know of the absence in advance, please send in a note/email outlining the details (dates/reason) for the absence.
