

Year 5B –term 1 What's happening

Hi Everyone,
Welcome to 5B 2024, I know we are going to have a wonderful year full of learning, laughs and memories. We are now part of senior school and we have been discussing the expectations of senior students at our school.

Please remember that if you have any questions regarding your child's schooling that you pop in and see me or shoot me an email – klsim0@eq.edu.au.

How can parents/carers support the classroom?
Parents/Carers can participate at school by **helping with functions and activities, or communicating with teachers**. You can also be involved at home in many ways, including guiding your child/ren to manage homework and other commitments and by engaging in discussions about values and attitudes regarding education.

Key Days for 5B				
Monday	Tuesday	Wednesday	Thursday	Friday
Music PE	Library		Japanese STEM	Computer Lab

YEAR 5B TERM 1 OVERVIEW

ENGLISH

Students will be explore different text types, specifically their structure and how to understand them. The students will create a story book for a younger audience and then present it to them. The best way to help your student with English in term 1 is to encourage them to read different texts and discuss them with you. Also discussing the way good and bad characters are portrayed in books and film would help.

SCIENCE

Students will be explore states of matter and the properties of solids, liquids and gases. I generally refer to this as kitchen science so the best way to help your student is to get them involved around the kitchen and have discussions about things changing states

HASS

Students will explore how people and environments influence each other

MATHS

Students will practice and explore addition, subtraction, multiplication, division, factors, multiples and time. The best way to help your student with maths in term 1 is to get them to learn their times tables

Important Dates

Date	Event
22/1/2024	Term 1 begins
26 – 28/2/2024 & 1/3/2024	Swimming lessons
