Teaching or learning from home?

To support the millions of students, parents and teachers affected by the Covid-19 pandemic, TED-Ed is working with expert educators and TED speakers throughout the world to create and share high-quality, interactive, video-based lessons on a daily basis, for free.

Enter your email below to have a handful of engaging lesson plans organized by age group that span all subjects delivered to your inbox every day. Each newsletter will also include insights and tips collected from TED-Ed's global community of students, parents and teachers.

[Street Science](#)

This is a quality and very popular resource that has been created to support the learning of Science during the Covid-19 pandemic. There is an online lesson provided each day in the morning and then it is repeated again in the afternoon. They have had to limit registrations to 1000 people.

Other online resources that are free or have been made free during the Covid-19 pandemic.
